P.O. Box 5245, Naperville, Illinois 60567-5245

www.napervillehomeowners.org

In this month's newsletter we will preview the confederation's next meeting on Saturday, June 16th where we will meet with the City Council and Staff and discuss several areas of interest to homeowners and taxpayers citywide. We'll also take a look at what will be happening around town.

This newsletter is an information conduit to our Member Associations, providing information you can use when managing your associations and communicating with your members. Please provide your feedback to our External Communications Director, Bob Fischer, at rafischer1@aol.com

President's Letter from Chuck Schlabach

At the Saturday, May 19th, annual meeting of the Naperville Area Homeowners Confederation we closed out the 2006-2007 program year and laid the groundwork for 2007-2008. Annual Board elections resulted in yours truly being re-elected as President, Bob Fischer elected as a Director, and Rick Strawbridge becoming Vice President, trading posts with Dr. Bob Buckman who was elected to fill Rick's open Director's seat. It was great keeping our current board together so we can keep the momentum going. At the June 2nd Board meeting, we further added to the leadership team with the appointments of Patricia Meyer and Allen Panek as additional Associate Directors.

Looking ahead, our goal for the next twelve months will be to "Listen and Learn." We need to listen to our membership and provide them with relevant programs and assistance. Our ears will be kept open to what is happening around us so that we can, through our Liaison Committees and Public Stands, serve as the voice of Naperville Homeowners on issues that impact the value of our property.

At the May meeting we had an excellent presentation on the implications of a possible TIF District in downtown Naperville by Warren Dixon, Tax Assessor for Naper Township. Warren covered the benefits (for the developer) and drawbacks (for 203 and Naper Township). We also want to THANK the Township Tax Assessors from Naper (Warren Dixon), Lisle (John Trowbridge) and DuPage (John Randall) townships for attending and holding a very informative Panel Discussion on the various qualified Exemptions and on the upcoming reassessments..

During the upcoming year we will address education. There are many needs within our member associations including stronger leadership, defining duties of each Officer and Director, updating bylaws, preventing apathy, and providing the tools and information needed by boards to better serve their members.

Our first step into the new program year will be on Saturday, June 16th, when we meet with the Naperville City Mayor, Council and Staff. At these bi-monthly meetings with the City, we provide an opportunity to talk with, and not at, our elected officials, and listen to key informative presentations.

Finally, and with deep regret, the Confederation Board has accepted the resignation of our Treasurer, June Edlund. As both tradeshow committee co-chair and Treasurer, June's efforts for the Confederation have been critical to our success. June's advice and insights will be missed by the Board and our best wishes are with her as she moves forward.

Please check our website at www.napervillehomeowners.org for more information on the Saturday morning, June 16th meeting and plan to come and meet all. This will be our last meeting until September as we will take a break from General Meetings for the summer months. However, the Board will still meet, there will be newsletters, the website will continue to be updated, and our liaison committees will be moving forward keeping an eye out for issues that impact area homeowners!

Water Street Development

At a recent Plan Commission meeting, the public was introduced to the most recent plan for the redevelopment of the Water Street area; running roughly from the DuPage River on the north to Aurora Avenue on the south, and stretching between Main and Webster Streets. This proposed development will include five story mixed use buildings (retail/commercial on the first, offices on the second, and condos/apartments on upper floors) on both sides of Water Street. A multi-level parking garage will also be constructed to meet the needs of the development.

To accomplish its vision, the developer is seeking a number of zoning variances including those related to setback, building height, and density. They are also requesting that the existing alley be vacated so it can be used as access to the proposed garage. There is also discussion of creating a Tax Incremental Financing (TIF) district to fund the infrastructure (water/sewer/electrical/storm water) requirements associated with the development.

The NAHC has a number of questions on this project and has assigned a governmental liaison team, under the leadership of Vice-President Rick Strawbridge, to monitor the project approval process. One of our concerns is that the proposed building height is contrary to the Public Stand the Board took a year ago following a Confederation workshop on tall buildings in the downtown area. We are also concerned about the density and congestion that may be created by the proposed construction. We have requested that City Staff provide information on this project at the June 16th Confederation General meeting. Currently the Public Hearing before the Plan Commission is scheduled for the Commission’s July 25th meeting.

National Night Out is Tuesday, August 7

The "24th Annual National Night Out" (NNO), a unique crime/drug prevention event sponsored by the National Association of Town Watch (NATW), will be held on Tuesday, August 7, 2007. The City of Naperville is searching out neighborhoods that want to participate.

Last year's National Night Out campaign involved citizens, law enforcement agencies, civic groups, businesses, neighborhood organizations and local officials from over 10,000 communities from all 50 states, U.S. territories, Canadian cities and military bases worldwide. In all, over 34 million people participated in NNO 2006.

National Night Out is designed to:

- Heighten crime and drug prevention awareness;
- Generate support for, and participation in, local anticrime programs;
- Strengthen neighborhood spirit and police-community partnerships; and
- Send a message to criminals that neighborhoods are organized and fighting back.

National Night Out includes the traditional display of outdoor lights and front porch vigils. Other ideas include:

- block parties,
- cookouts,
- visits from the Naperville Police, Fire and Public Utilities departments
- parades, exhibits,
- flashlight walks,
- contests, and
- youth programs.

NNO has proven to be an effective, inexpensive and enjoyable program to promote neighborhood spirit and police-community partnerships in our fight for a safer nation. For more information on how your neighborhood association can become involved come to our June 16th NAHC meeting or contact Marita Manning, Crime Prevention Specialist, Naperville Police Department, at (630) 420-6725, or via email at manningm@naperville.il.us.

The Cable Competition Act

As you may be aware from special mailings and our last two newsletters, the Confederation took a Public Stand against the proposed Illinois House Bill 1500, an Act designed to strip local municipalities over control of Cable Television providers and replacing this local control with statewide franchising.

We are pleased to report that our pleas against the original bill language, as outlined in our "Not In My Backyard" flyer and which was also brought to homeowners groups beyond Naperville by the Community Associations Institute (CAI), were heard by legislators with the final product passed in Springfield addressing most of our concerns including key areas such as funding of community access stations and local control over the placement of the large equipment boxes required to house system electronics and components. The City of Naperville has expressed their thanks to the NAHC and to all homeowners for their strong action on the needs for changes in this legislation.

We remain disappointed, however, that the transport technology for the proposed AT&T U-verse system will be a combination of fiber optics and legacy copper outside plant. We continue to believe, that to remain competitive and continue our ranking as one of the top cities in the Country, that Naperville needs the higher bandwidth of fiber optics brought all of the way to the residence.

Thanks to everyone for their support in our successful first attempt to bring our views and opinions to the State Government level.

North Central College Summer Camps

Register your child/youth today for a summer camp program. North Central College will be hosting more than 30 different types of camp activities directed by NCC faculty, coaches and students. Registration is easy and it's online! For details regarding specific camps, please visit www.noctrl.edu/summercamps or call 630.637.5560 between the hours of 8:00AM - 5:00PM.

NAHC Website – What's in the Member's Section?

If you've been to our homepage, www.napervillehomeowners.org, you may have seen an opportunity for member "log on." Once logged on, members can access additional documents and information including the Confederation on-line directory, minutes from General and Board meetings, NAHC Public Stands, and other documents not available in the "public" pages.

Also, in the "Members Area" is a document listing member associations and officers which includes names only and not contact information. Association officers interested in making their information available to the rest of the Confederation can self-populate the Members Directory with their address, phone number, and email address. The Confederation also maintains a separate directory of associations and officers to facilitate contacts in emergencies, special mailings, etc. For this **private** directory we ask that all member associations complete and return our membership survey (found on the public portion of the website and included in the dues invoice mailing) and keep this information updated as Boards change.

Association presidents and officers wanting access to the "Members" section should send an email to RAFischer1@aol.com including Association name and their title to receive a username and password. After logging on please update your information in the on-line directory.

NAPER Days

Come explore Naperville's rich heritage, June 15-17. Celebrate the best Naperville has to offer by enjoying the Taste of Naperville, featuring a variety of cuisine prepared and served by the city's best restaurants; musical entertainment; bed races; kids crafts; games; a petting zoo and much more. We also invite you to serve as a Naper Days Volunteer. There is a little something for everybody to do and your service would be well received! To learn more about the weekend activities, or if you wish to volunteer, please visit www.naperdays.org.

Dues Invoices are Coming

The Confederation is in the process of mailing out 2007 dues invoices and questionnaires to our member associations. If your Association does not receive a mailing from us (we're using "snail mail") please let Secretary Kathy Benson, President Chuck Schlabach, or me know and we will see that the information is forwarded to you. In addition, we are asking everyone to take the time to fill out the questionnaires included with the dues invoice so that we can update and maintain our records and serve everyone better.

Thank you for your support!

Architecture River Cruise and Shopping

Join us as a docent from the Chicago Architecture Foundation describes Chicago architecture's fascinating history and spotlights over 50 historic and architecturally significant sites. Indoor and

outdoor seating on the boat is available. Please be aware that you will have to go down a flight of stairs to get to the boat. Following the cruise, we will drive a short distance to Water Tower Place where you can enjoy lunch on your own and do some shopping or browsing. Your fee includes the architecture river cruise and transportation. This trip, designed for those 18 and up, will depart from the Riverwalk Warming House Parking Lot on Tuesday, **Jun. 26** at 9:30 a.m., returning at 3:45 p.m. The fee is \$38(R)/\$45(N), \$44(R)/senior home pickup. The Registration Code is 61020.

Daley's Real Chicago

Discover if Chicago is really the "city that works". We will see some of the "real" places that Mayor Daley goes, and hear many good Chicago stories along the way. We will tour City Hall, the majestic building that is the seat of government for Chicago and learn why there is a garden on the roof. Lunch will be served at Manny's Deli, so well-known for serving many politicians, police and firemen, that you never know who you might spot at the next table. A driving tour of Bridgeport will highlight stories of some of the many people from this neighborhood who have risen to the top of Chicago government as well as the thousands of working men and women who labored in the Stockyards. To top off our day, we will have a fantastic hot fudge sundae from Margie's Candies; the supplier of chocolates that are given as gifts to guests of the city by Mayor Daley. This trip, designed for those 40 and up, will depart from the Riverwalk Warming House Parking on Thursday, **Jun. 28** at 9:00 AM., returning at 3:00 PM. The fee is \$52(R)/\$59(N)/ \$58(R)/senior home pickup. The Registration Code is 61091.
